

Worksheet #1: Musical Alphabet

Write out all 12 notes starting from A. Only use sharp signs (#) to denote accidentals, do not use flat signs.

Write out all 12 notes starting from A. Only use flat signs (b) to denote accidentals, do not use sharp signs.

Write in each answer - you are free to use Sharps or Flats when denoting accidentals.

What note is found a **half step above** the following notes?

D _____ C# _____

F _____ E _____

A $\flat$ _____ B $\flat$ _____

G _____ D $\flat$ _____

What note is found a **half step below** the following notes?

B _____ C _____

E _____ E $\flat$ _____

A# _____ G _____

F# _____ D _____

What note is found a **whole step above** the following notes?

E _____ C# _____

C _____ F _____

A# _____ B $\flat$ _____

G _____ G# _____

What note is found a **whole step below** the following notes?

B _____ F _____

C _____ E _____

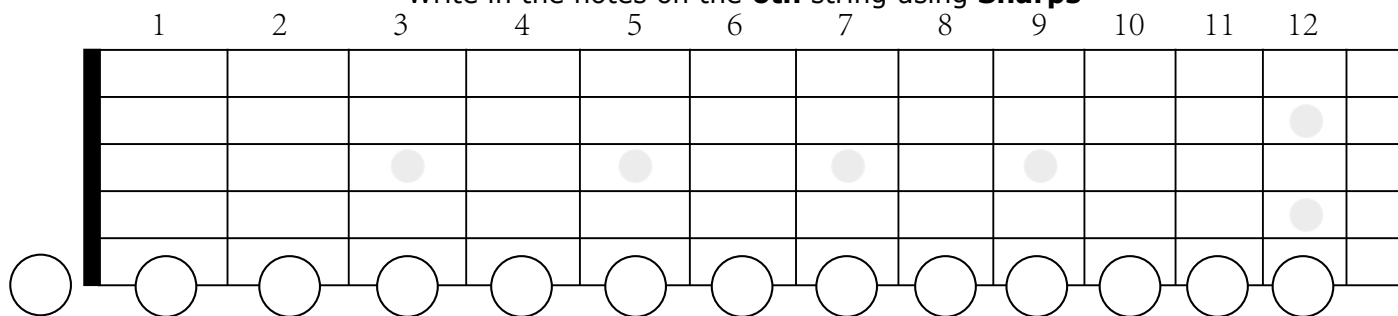

A# _____ D# _____

F# _____ A _____

Worksheet #2: Musical Alphabet

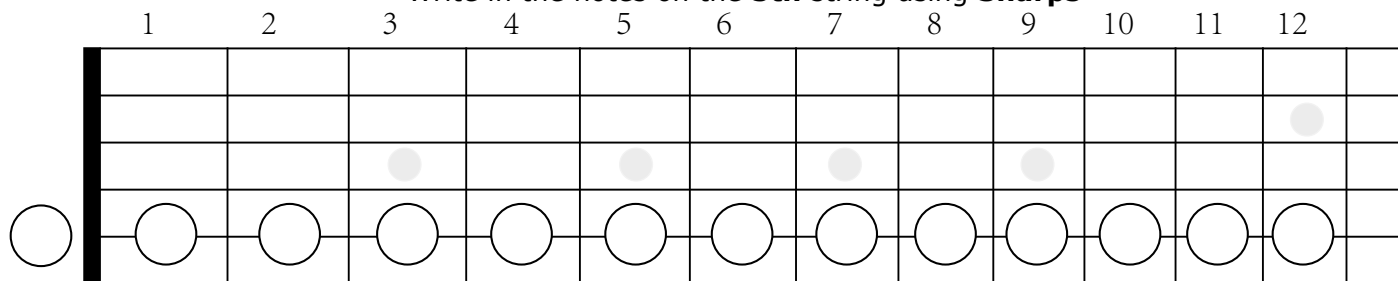

Write in the notes on the **6th** string using **Sharps**

1 2 3 4 5 6 7 8 9 10 11 12

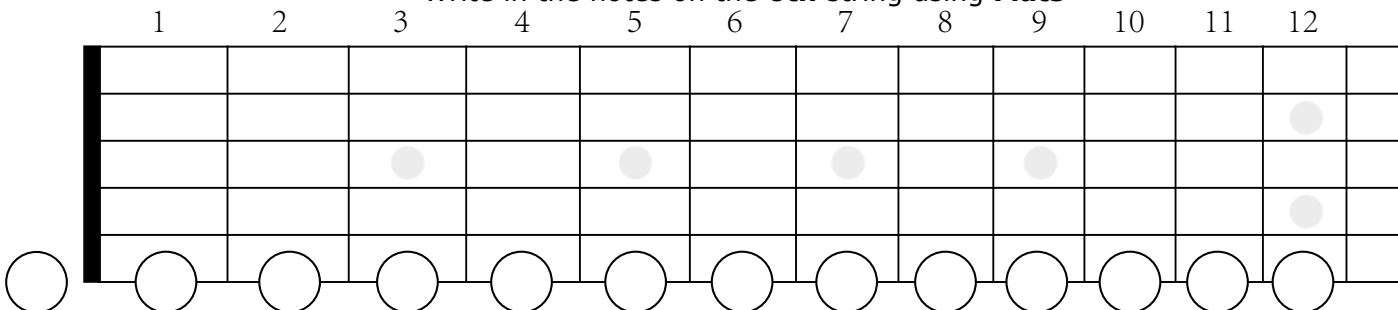

Write in the notes on the **5th** string using **Sharps**

1 2 3 4 5 6 7 8 9 10 11 12

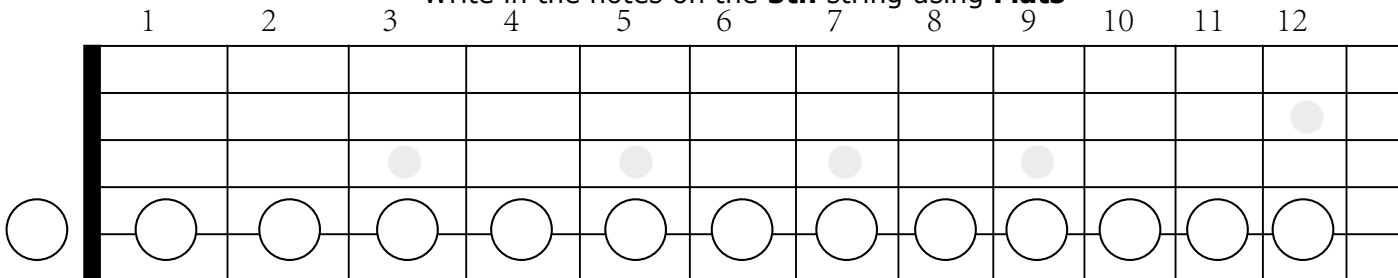

Write in the notes on the **6th** string using **Flats**

1 2 3 4 5 6 7 8 9 10 11 12

Write in the notes on the **5th** string using **Flats**

1 2 3 4 5 6 7 8 9 10 11 12

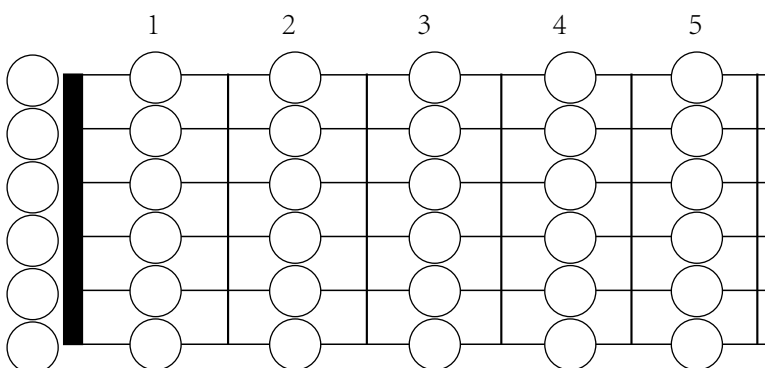

Write in every natural note
(no sharps or flats)
up until the fifth fret

Also write in the notes of
the open strings

Leave the accidentals blank

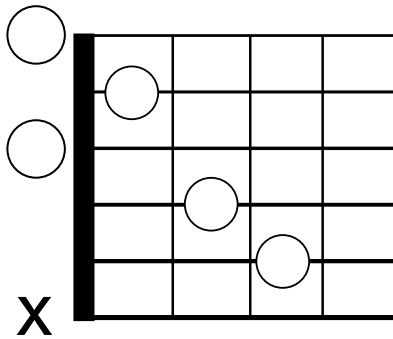

1 2 3 4 5

Worksheet #3: Chord Tones

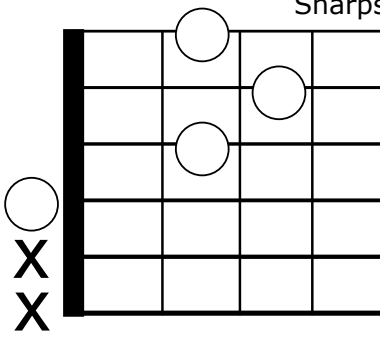

Fill in each circle with the correct note name. Use flats (b) or sharps (#) when directed.

Worksheet: Music Staff

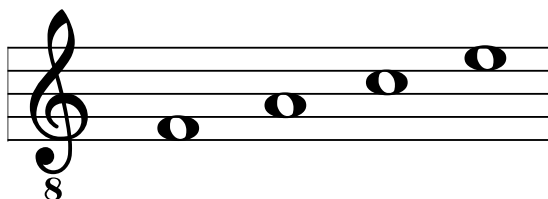

The following notes are all on the staff **lines**.

Below each note, write in its correct name.

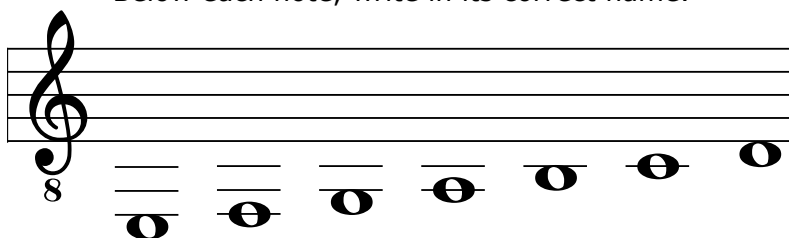

The following notes are all on the staff **spaces**.

Below each note, write in its correct name.

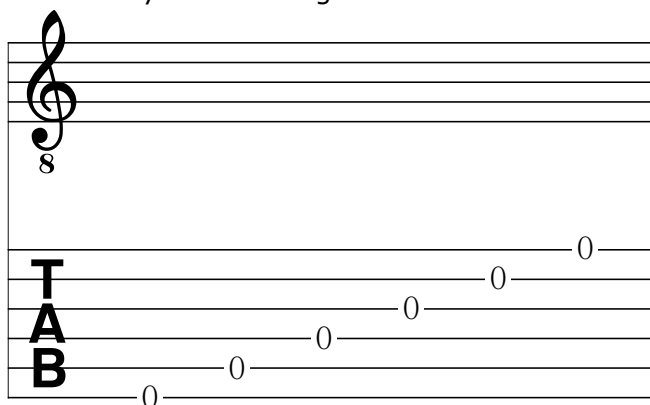

The following notes are **below** the staff.

Below each note, write in its correct name.

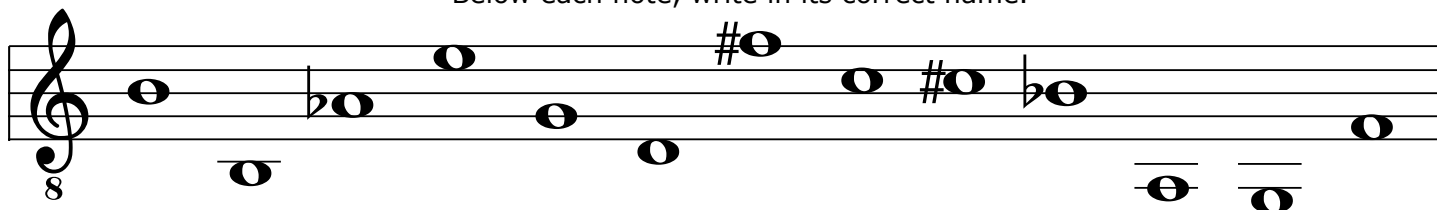

The open strings of the guitar in standard tuning are represented in Tablature. Above each note, draw in its correct placement on the music staff.

Draw in your own ledger lines below the staff

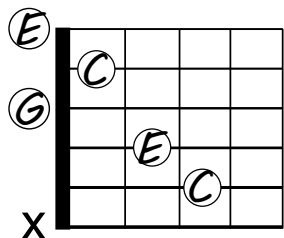

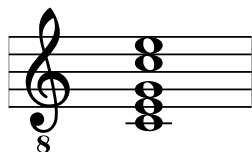

Below each note, write in its correct name.

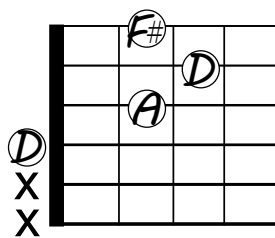

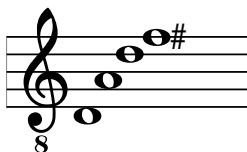

Worksheet: Music Staff and Chord Tones

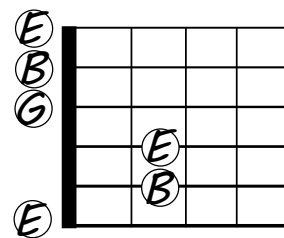

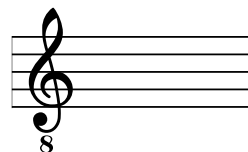

Write in the notes of the chord on the music staff. Either stack the notes, or write them from lowest to highest.
The first two examples (C and D) are already completed.

Worksheet: Learning the Fretboard

1) Write in every natural note the 6th, 5th and 1st strings, including the open notes.

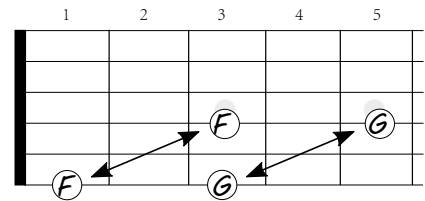

Notes on the 4th string

2) Find each note an octave lower on the 6th string. Write in its fret in tablature, and write in the name of the note below. Use sharps or flats. The first example is already complete.

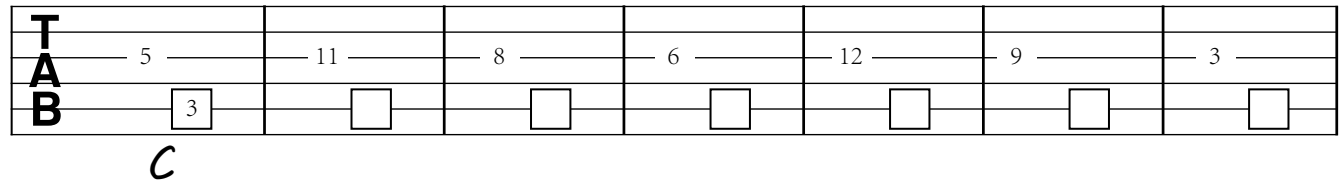

3) Write in the natural notes on the 4th string in the top fretboard diagram. Consult the notes on the 6th string while visualizing this octave gap to determine the name of the note.

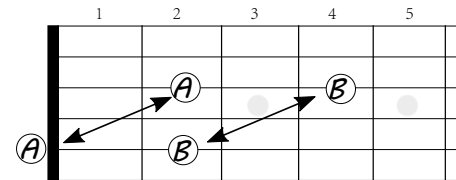

Notes on the 3rd string

4) Find each note an octave lower on the 5th string. Write in its fret in tablature, and write in the name of the note below. Use sharps or flats. The first example is already complete.

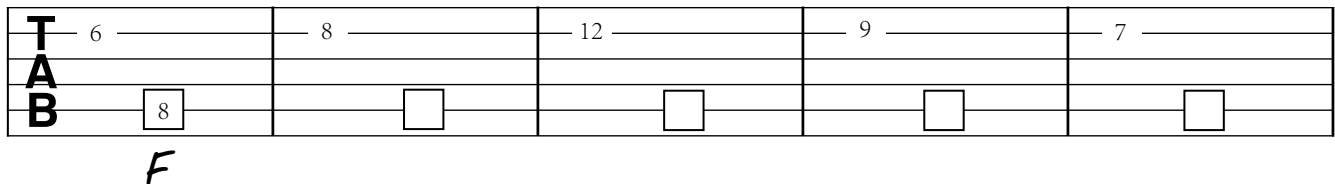

5) Write in the natural notes on the 3rd string in the top fretboard diagram. Consult the notes on the 5th string while visualizing this octave gap to determine the name of the note.

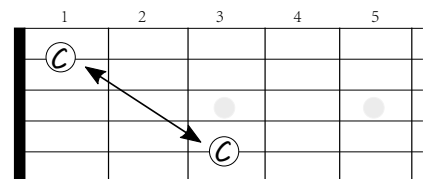

Notes on the 2nd string

6) Find each note an octave lower on the 5th string. Write in the frets and the name of the note below. Use sharps or flats. The first example is already complete.

7) On the last page's fretboard diagram, write in the natural notes on the 2nd string. Consult the notes on the 5th string while visualizing this octave gap to determine the name of the note.

8) Complete the fretboard diagram by adding in the accidentals between each of the natural notes. Use both enharmonic names, separated by a slash.

Worksheet: Major Scales

Write out the major scale formula, using W to represent a Whole step and H to represent a Half step

Ⓘ

Write out the notes of the D major scale, using Sharps. _____

Write out the notes of the F Major scale, using Flats. _____

Write out the notes of the C Major scale. _____

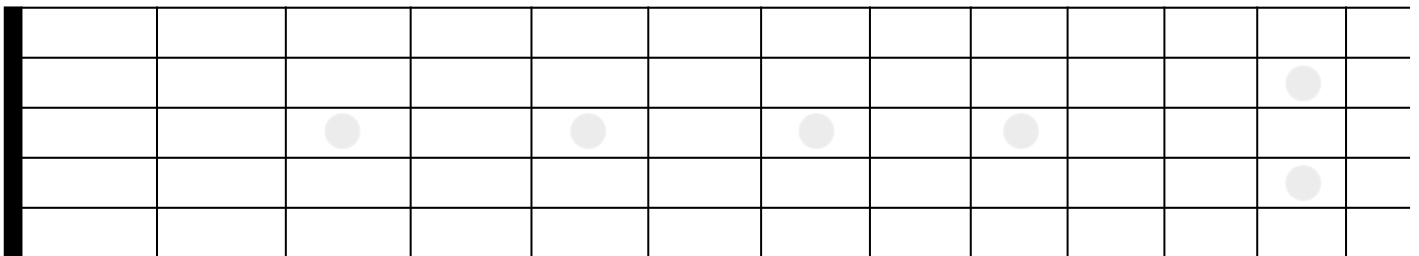

Write out the notes of the A Major scale, using Sharps. _____

Write out the notes of the Bb Major scale, using Flats. _____

Write out the notes of the B major scale, using Sharps. _____

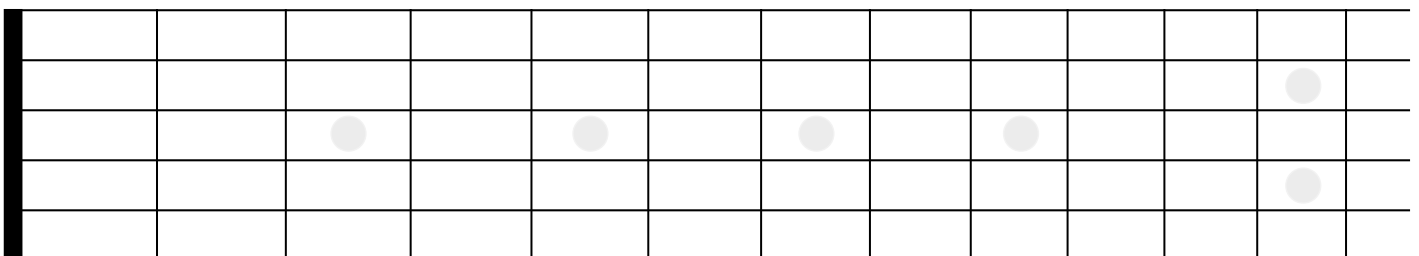

Draw dots in where the notes of the Ab major scale are found. Start by finding Ab on the 6th string, and then building a movable shape. Only include notes within the shape!

1 2 3 4 5 6 7 8 9 10 11 12

Now draw in the same scale but using a different movable shape.

1 2 3 4 5 6 7 8 9 10 11 12

Using tablature, write in the notes of the B Major scale going up and down.
Only use the 2nd string and start on open B.

T A B	

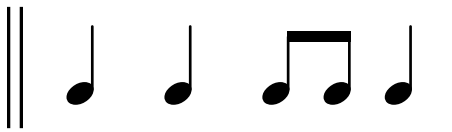

Worksheet: Rhythm Basics

Write out the counts below each note. If a count is a rest, or it is not played (i.e. is being held from a previous note with a tie) then write it in parentheses. The first example is complete.

1 (2) 3 4 | 1 2 (3 4)

Write out the counts below each note. Do not write in any counts for rests or ties, only write in the counts for notes that will be played.

Worksheet: Melody and Audiation 1

Use this major scale shape for all exercises in this section. Remember it can slide to any fret to become a new key - you are free to change the fingers used while playing (but not the frets)

The following melody is Twinkle Twinkle Little Star in the key of A Major. Write in the correct tablature transcription for each note, but **use your ear** to find the correct fret before relying on reading the staff. The starting note has been provided with a few others - stay within the scale shape!

8 Twin - kle twin - kle lit - tle star How I won - der what you are.

TAB 7 5 4

8 Up a - bove the sky so high Like a dia - mond in the night

TAB 5 4 6

8 Twin - kle twin - kle lit - tle star How I won - der what you are.

TAB 7 4

Fill in the frets for "Happy Birthday" in Bb. Stay within the shape!

8 Ha - ppy birth - day to you, ha - ppy birth - day to

TAB 8 8 5 5

8 you Ha - ppy birth - day dear Squid Man, ha - ppy birth - day to you!

TAB 6 8

Worksheet: Melody and Audiation 2

Fill in the frets for the first 8 measures of Beethoven's "Ode to Joy" in D. Stay within the shape!

8

TAB

11 11 12 12

8

TAB

12 9 9

Fill in the frets for Smashmouth's "All Star" in the key of A Major. Stay within the shape!

8

Some - bo - dy once told me the wo - rld was go - nna roll me I

TAB

7 5 6 7 7

8

ain't the sharp - est tool in the she - d

TAB

7 7

Write in the remaining notes for Somewhere Over The Rainbow in B Major. This time, do NOT use the major scale shape. Instead, find every single note somewhere on the 2nd string. Remember to use your ear first to find the right notes!

8

Some - where - o - ver the rain - bow Way up high

TAB

0 12 9 9

Worksheet: Key Signatures and Enharmonics (Answers)

Write out the notes of each major scale, then write in the proper key signature.

D Major (using #s)

— — — — — — — —

Bb Major (using b's)

— — — — — — — —

Db Major (using b's)

— — — — — — — —

A Major (using #s)

— — — — — — — —

F Major (using b's)

— — — — — — — —

Write in the name of each key signature.

The following scales are written incorrectly, but would sound correct. Rewrite them using the correct enharmonic equivalent.

G Major

G A B C D E G $\flat$ G

— — — — — — — —

E Major

E G $\flat$ G $\sharp$ A B C $\sharp$ D $\sharp$ E

— — — — — — — —

B Major

B D $\flat$ D $\sharp$ E F $\sharp$ G $\sharp$ A $\sharp$ B

— — — — — — — —

F $\sharp$ Major

F $\sharp$ G $\sharp$ A $\sharp$ B C $\sharp$ D $\sharp$ F F $\sharp$

— — — — — — — —

Worksheet: Scale Degrees

Answer the following questions. Use your fretboard to help find the answers. Use either flats or sharps.

What is the flatted third of E? _____

What is the fifth of E? _____

What is the flatted second of Bb? _____

What is the flatted sixth of Bb? _____

What is the third of C? _____

What is the fourth of C? _____

What is the second of G#? _____

What is the fifth of D#? _____

In E, what degree is D? _____

In E, what degree is C#? _____

In E, what degree is F? _____

In D, what degree is C#? _____

In D, what degree is A? _____

In D, what degree is B? _____

In C, what degree is Gb? _____

In C, what degree is B? _____

Write in the scale degree relative to the root. The first problem is already solved.

Diagram 1: Scale degrees relative to Root A

String	1	2	3	4	5	6	7	8	9	10	11	12
T												
A												
B	5	6	6	4	7	8	6	5				

Root A

Diagram 2: Scale degrees relative to Root D

A												
B	10	9	10	10	12	9	8	11				

Root D

Write the correct frets for each scale degree in the key of G major. Use the three-notes-per-string scale shape. The first problem is already solved.

Diagram 3: Scale degrees in the key of G major

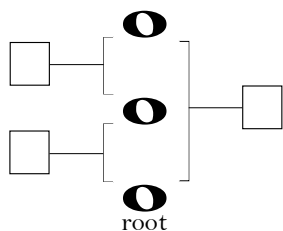

String	1	2	3	4	5	6	7	8	9	10	11	12
T												
A												
B	3	3										

Root G

Worksheet: Triads and Movable Chords

Fill in each box with the number of half steps that should occur between the notes of each triad.

Major

Write out the notes of the following Major triads:

C ___ ___ ___

F ___ ___ ___

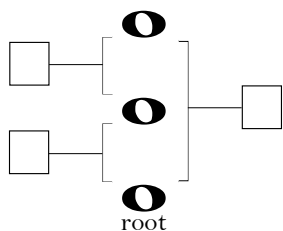

B $\flat$ ___ ___ ___

A ___ ___ ___

Write out the scale degrees of a Major triad

___ ___ ___

Minor (m)

Write out the notes of the following Minor triads:

Cm ___ ___ ___

Fm ___ ___ ___

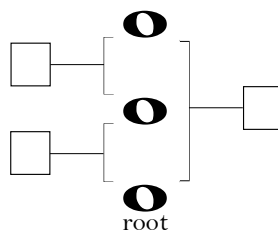

B $\flat$ m ___ ___ ___

A ___ ___ ___

Write out the scale degrees of a Minor triad

___ ___ ___

Diminished ($^{\circ}$)

Write out the notes of the following Diminished triads:

C $^{\circ}$ ___ ___ ___

F $^{\circ}$ ___ ___ ___

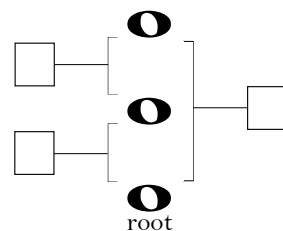

B $\flat^{\circ}$ ___ ___ ___

A $^{\circ}$ ___ ___ ___

Write out the scale degrees of a Diminished triad

___ ___ ___

Augmented (+)

Write out the notes of the following Augmented triads:

C+ ___ ___ ___

F+ ___ ___ ___

B $\flat$ + ___ ___ ___

A+ ___ ___ ___

Write out the scale degrees of an Augmented triad

___ ___ ___

Name the following triads.

Use the m symbol for minor, $^{\circ}$ for diminished, and + for augmented.

E G# B ___

C E $\flat$ G ___

B $\flat$ D F ___

A C E $\flat$ ___

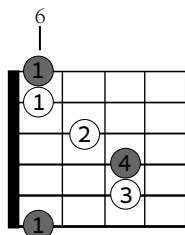

D F# A ___

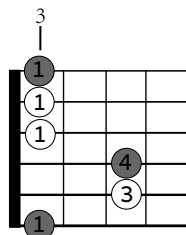

E G B ___

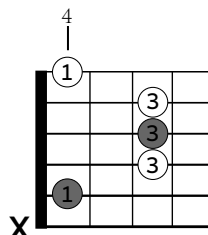

G B D# ___

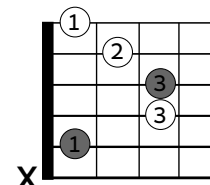

D $\flat$ F $\flat$ A $\flat$ ___

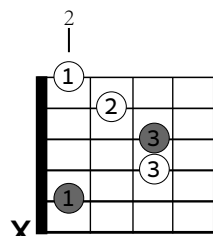

Name the following major and minor chords. Use both names when applicable:

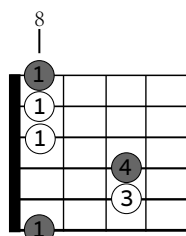

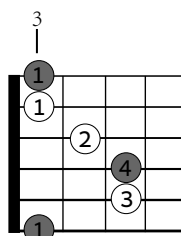

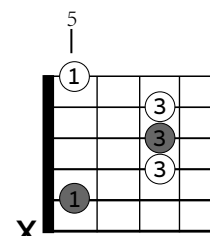

Worksheet: Diatonic Chords and Roman Numerals

Write out the Roman Numeral Chord Formula for major keys.

Write out all seven diatonic chords of the A Major Scale:

Write out all seven diatonic chords of the F Major Scale:

What is the V chord of G Major? _____

What is the V chord of C Major? _____

What is the ii chord of Db Major? _____

What is the vi chord of Db Major? _____

What is the ii chord of E Major? _____

What is the vi chord of C Major? _____

Write out the following chord progression in the key of D

I - V - vi - iii - IV - I - IV - V

Write out the same chord progression in the key of G

Dm is the ii chord of which major key? _____

Dm is the vi chord of which major key? _____

Em is the iii chord of which major key? _____

E is the V chord of which major key? _____

G is the IV chord of which major key? _____

D^o is the vii^o chord of which major key? _____

Worksheet: Minor Scale and Chords

Write out the Scale Degrees Formula for minor scales.

Write out the Roman Numeral Chord Formula for minor keys.

Write out all seven diatonic chords of the A Minor Scale:

Write out all seven diatonic chords of the D Minor Scale:

What is the ♭III chord of G Minor? _____

What is the v chord of C Minor? _____

What is the ii^o chord of D Minor? _____

What is the iv chord of A Minor? _____

What is the ♭VII chord of E Minor? _____

What is the ♭VI chord of C Minor? _____

Dm is the ii chord of which major key? _____

Dm is the vi chord of which major key? _____

Em is the iii chord of which major key? _____

E is the V chord of which major key? _____

G is the IV chord of which major key? _____

D^o is the vii^o chord of which major key? _____

Worksheet: Relative Keys

Find the relative **minor** key of each of the following **major** keys:

D _____
E _____
G _____
F _____
Bb _____
C _____

Find the relative **major** key of each of the following **minor** keys:

A _____
C _____
C# _____
G# _____
G _____
E _____

The relative minor scale is found on which degree of a major scale? ____

The relative major scale is found on which degree of a minor scale? ____

True or False

To find the relative major, travel up 3 half steps. ____

To find the relative minor, travel down 3 half steps. ____

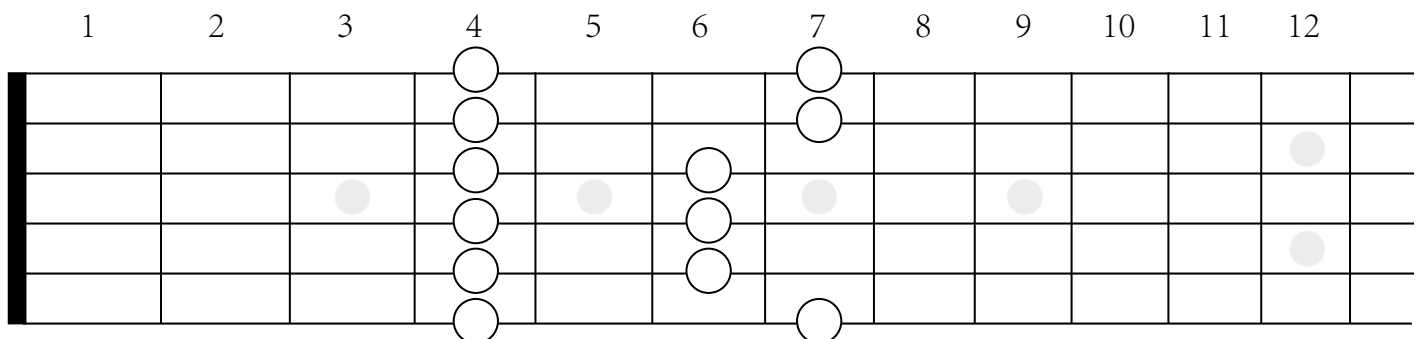

C Major is relative to A Minor. ____

D Major is relative to F Minor. ____

G Minor is relative to E Major. ____

C minor is relative to Eb Major. ____

Pentatonic Relativity

The above shape could be considered which pentatonic minor scale? ____

The above shape could be considered which pentatonic major scale? ____

Find the 3 root notes of the pentatonic major scale, and shade in their circles fully.

Find the three notes of the pentatonic minor scale and mark them with an "x"

Worksheet: Pentatonic Shapes

Write in every single note of E pentatonic Minor (including open strings)

The A Pentatonic Minor (First Shape) scale is shown below in root position. Write in 6 notes/frets to complete the connected 2nd shape, C pentatonic Major.

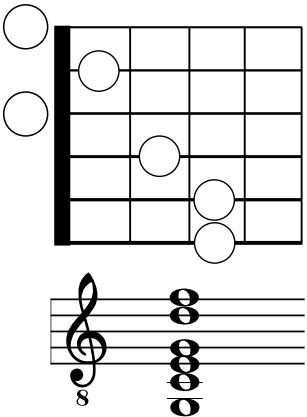

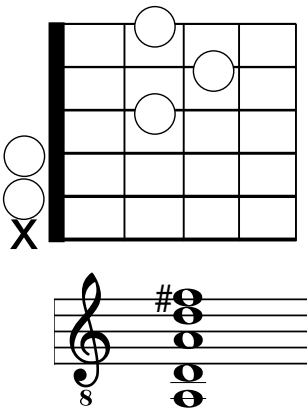

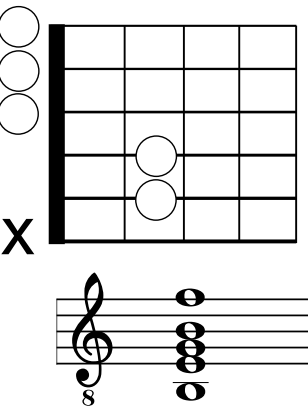

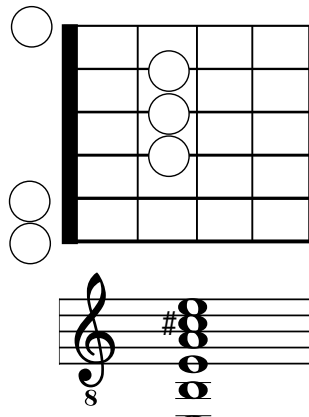

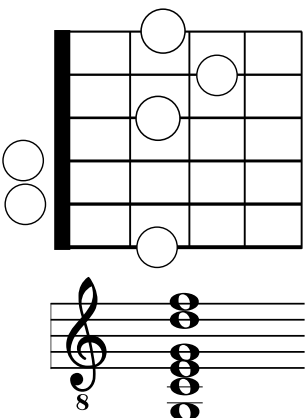

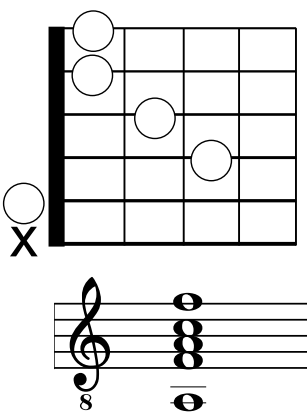

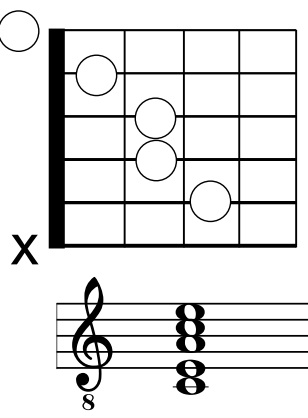

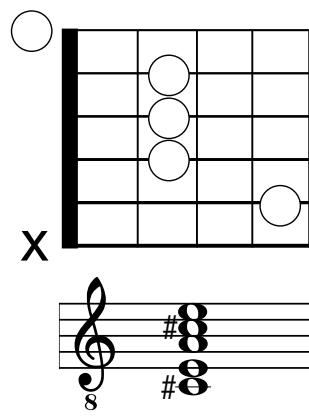

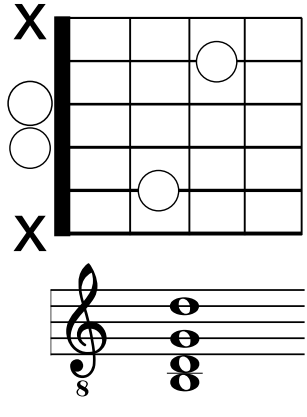

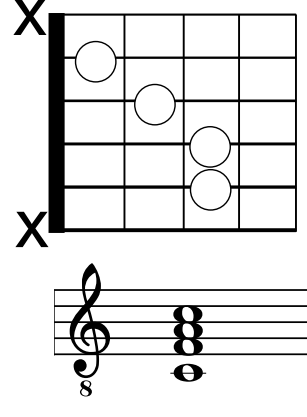

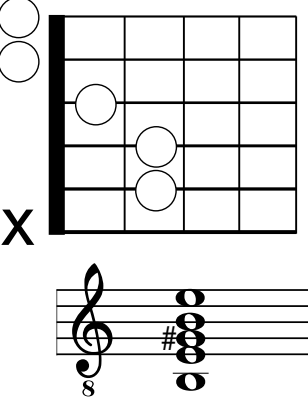

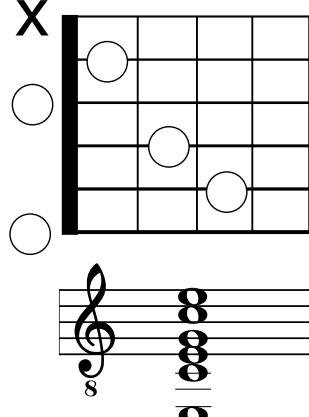

The A Pentatonic Major (Second Shape) scale is shown below in root position. Write in 6 notes/frets to complete the connected 1st shape, F# Pentatonic Minor (First Shape)

An unknown pentatonic minor scale is shown in root position. Add in the frets to complete the connected shapes on both sides (shape 2 and shape 5).

Worksheet - Inversions and Slash Chords

Name the following inverted chords. Use slash notation.

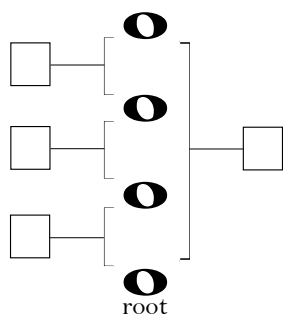

Determine if the chord is in 1st or 2nd inversion

 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐
 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐
 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐	 1st inversion ☐ _____ 2nd inversion ☐

Worksheet: Popular Seventh Chords

Fill in each box with the number of half steps that should occur between the notes of each chord.

Major Seventh

Write out the notes of the following Major Seventh Chords:

Cmaj7 _____

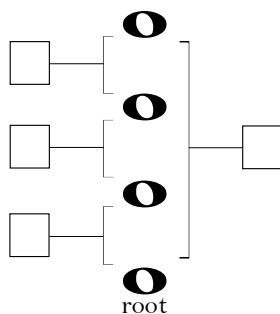

Dmaj7 _____

B $\flat$ maj7 _____

Fmaj7 _____

Write out the scale degrees of a Major Seventh chord

Minor Seventh

Write out the notes of the following Minor Seventh Chords:

Cmin7 _____

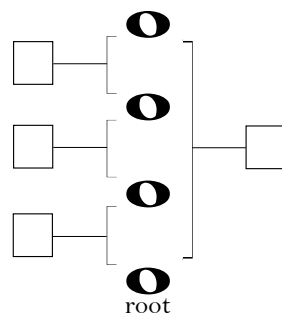

Dmin7 _____

B $\flat$ min7 _____

Fmin7 _____

Write out the scale degrees of a Minor Seventh chord

Dominant Seventh

Write out the notes of the following Dominant Seventh Chords:

C7 _____

D7 _____

B $\flat$ 7 _____

F7 _____

Write out the scale degrees of a Dominant Seventh chord

Name the following chords.

Use the "m7" symbol for Minor Seventh, " Δ 7" symbol for Major Seventh, and just "7" for Dominant Seventh.

A C $\sharp$ E G _____

E G B D _____

B $\flat$ D F A _____

A C E G _____

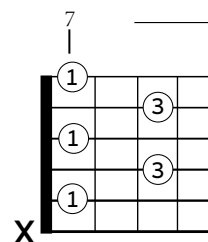

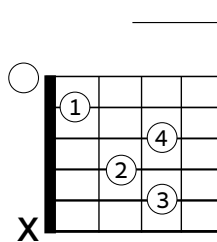

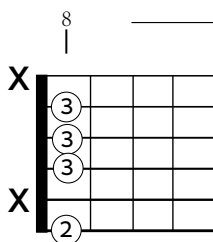

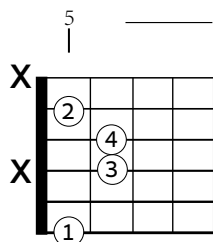

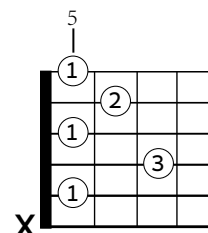

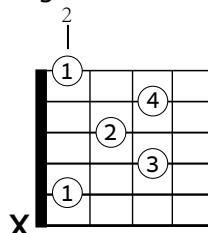

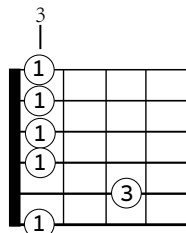

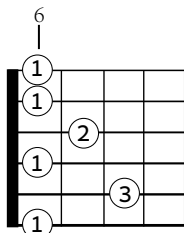

D F A C _____

B $\flat$ D F A $\flat$ _____

G B D F $\sharp$ _____

E G $\sharp$ B D $\sharp$ _____

Name the following chords.

Worksheet: Diatonic Seventh Chords

Write in the correct chord symbol after each numeral. There are four choices:
Major Seventh (Maj7), Minor Seventh (m7), Dominant Seventh (7), or Minor Seventh Flat Five (m7b5)

I___ ii___ iii___ IV___ V___ vi___ vii___

Write out the diatonic seventh chords of the A Major Scale:

These numerals represent the minor scale chord formula. Write in the correct chord symbol for each numeral.

i___ ii___ $\flat$ III___ iv___ v___ $\flat$ VI___ $\flat$ VII___

Write out the diatonic seventh chords of the A Minor Scale:

The following progression is in D Major. Rewrite each chord as a seventh chord, ensure each chord is diatonic to D Major.

D - A - F#m - G

The following progression is in E Major. Rewrite each chord as a seventh chord, ensure each chord is diatonic to E Major.

E - F#m - A - B

The following progression is in D Minor. Rewrite each chord as a seventh chord, ensure each chord is diatonic to D D Minor.

Dm - B $\flat$ - Gm - C

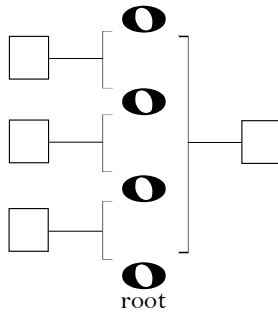

The following progression is in E Minor. Rewrite each chord as a seventh chord, ensure each chord is diatonic to D D Minor.

Em - Am - C - D

Worksheet: Diminished Chords

Fill in each box with the number of half steps that should occur between the notes of each chord.

Full Diminished / Diminished Seventh

Write out the notes of the following dim7 Chords:

Cdim7 _____

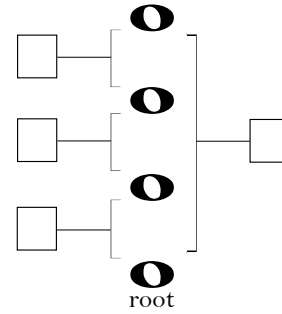

Dim7 _____

B $\flat$ dim7 _____

Fdim7 _____

Write out the scale degrees of a Full Diminished chord

Half Diminished / m7b5

Write out the notes of the following half diminished chords:

C $\circ$ _____

D $\circ$ _____

B $\flat$ $\circ$ _____

F $\circ$ _____

Write out the scale degrees of a Half Diminished chord

Name the following diminished chords. They may be spelled incorrectly!
Use the " $\circ$ 7" symbol for Full Diminished and "m7b5" for Half Diminished.

A C E $\flat$ G _____ E G B $\flat$ D _____ B $\flat$ D $\flat$ F $\flat$ A $\flat$ _____ A C E $\flat$ G $\flat$ _____

D F A $\flat$ B _____ B $\flat$ D $\flat$ E A $\flat\flat$ _____ G B $\flat$ D $\flat$ F _____ C E $\flat$ G $\flat$ A _____

Write out a ii $\circ$ - V - i progression in the following keys, using full diminished chords.

G Minor _____

E $\flat$ Minor _____

A Minor _____

F Minor _____

D Minor _____

D $\flat$ Minor _____

Worksheet: Harmonic Minor Scale

Write out the Scale Degrees Formula for the Harmonic Minor scale.

Write out the Roman Numeral Chord Formula for Harmonic Minor Scales:

Write out all seven diatonic chords of the A Harmonic Minor Scale:

Write out all seven diatonic chords of the D Minor Scale:

Circle True or False: The following chord progressions use only the notes of a Harmonic Minor Scale.

Gm - Cm - Ab - F

true false

Dm - F - Gm - A

true false

Cm - Bb - Ab - G

true false

Am - F - Dm - E

true false

Write out an Andulsian Cadence (i - bVII - bVI - V) in the following keys:

Am _____

Em _____

Bm _____

Cm _____
